CLARIFICATION ON TOGETHER WITH CCHP’S IN-NETWORK LABS

In a recent Provider Notes, we mentioned in-network labs for Together with CCHP.

Our intent was to bring awareness to practitioners that our lab network for our marketplace product, Together with CCHP may be different than our lab network for our Medicaid product, BadgerCare Plus. CCHP has not changed our policy or lab inclusion in either of our networks.

Together with CCHP would like Providers, who do not use hospital system based labs, to be aware and use an in-network lab.

Together with CCHP Members can have lab services done at any in-network hospital outpatient lab that is participating in the Together with CCHP Provider Network.

This includes the following hospitals:

- Children's Hospital of Wisconsin
- Community Memorial Hospital
- Columbia St. Mary's - Milwaukee
- Columbia St. Mary's - Ozaukee
- Froedtert Hospital
- St. Joseph's Hospital, West Bend
- United Hospital System - Kenosha Medical Center Campus
- United Hospital System - St. Catherine's Medical Center
- Wheaton Franciscan Healthcare - All Saints, Spring Street Campus
- Wheaton Franciscan Healthcare - All Saints, Wisconsin Avenue Campus
- Wheaton Franciscan - Elmbrook Memorial
- Wheaton Franciscan Healthcare - Franklin
- Wheaton Franciscan - St. Joseph's Campus
- Wheaton Franciscan Healthcare - St. Francis

Physicians may, also, send labs to the following free-standing reference labs.

- Quest Diagnostics
- Wisconsin Diagnostic Labs

If you have questions please contact 1-844-202-0117.
Children's Community Health Plan (CCHP), owned by Children's Hospital of Wisconsin, is an insurance company dedicated to providing access to the highest quality health care and services to BadgerCare Plus and Together with CCHP members.
