This Contract contains the terms and conditions of Your insurance coverage. We issued this Contract in consideration of Your application and payment of the first premium.

IMPORTANT NOTICE: STATEMENTS MADE IN YOUR APPLICATION
Please write Us within 10 days if any information submitted in Your application is incorrect or incomplete. Omissions or misstatements in the application could cause an otherwise valid claim to be denied. The insurance coverage was issued on the basis that the answers to all questions and other information shown on the application were correct and complete.

IMPORTANT NOTICE: SERVICES OBTAINED FROM OUT-OF-NETWORK PROVIDERS
This Contract is for an Exclusive Provider Organization. Except as specifically stated in this Contract, services received from an Out-Of-Network Provider are not covered. In addition, certain services You wish to receive from In-Network Providers require Prior Authorization. If You wish to receive coverage for those services You must obtain Prior Authorization from Us.

If You do obtain services from an Out-Of-Network Provider that are covered under this Contract, the Maximum Allowed Amount is determined by Us based on this Contract’s fee schedule, usual and customary charge (which is determined by comparing charges for similar services adjusted to the geographical area where the services are performed), or other methods as defined in this Contract.

If You incur non-covered expenses, You are responsible for making the full payment to the health care Practitioner. The fact that a healthcare Practitioner has performed or prescribed a medically necessary procedure, treatment, or supply, or the fact that it may be the only available treatment for a bodily injury or illness, does not mean that the procedure, treatment, or supply is covered under this Contract.

RIGHT TO RETURN
You have the right to return this Contract within 10 days of receipt. All premiums paid will be refunded, less claims paid, and the Contract will be considered null and void from the Effective Date.

GUARANTEED RENEWABILITY
This Contract remains in effect and is guaranteed renewable each year except under conditions identified in the ‘When Coverage Begins and Ends’ section of this Contract. You must be eligible for insurance and pay Your premium to remain insured. Please read Your Contract carefully and become familiar with its terms, limits, and conditions.
IMPORTANT NOTICE: PEDIATRIC DENTAL DISCLOSURE
This Contract does not include pediatric dental services as required under the Federal Patient Protection and Affordable Care Act. This coverage is available in the insurance market and can be purchased separately. Please contact Your insurance agent (broker) or the Federally Facilitated Marketplace (Healthcare.gov) if You wish to purchase dental coverage.

IMPORTANT NOTICE: CHANGES TO THE CONTRACT
If the terms and conditions of this Contract change, We will attach legal documents called Riders and/or Amendments. We will notify You in writing of any changes to this Contract. No one can make any changes to the Contract unless those changes are in writing.

We have the right to change, interpret, modify, withdraw, add benefits, or to terminate the Contract as permitted by law, without Your approval. On its Effective Date, this Contract replaces and overrules any Contract We may have previously issued to You. This policy will take effect on the Effective Date specified in the ‘When Coverage Begins and Ends’ section of this Contract. When We use the words You and Your, We are referring to those who are Covered Persons.

YOUR CIVIL RIGHTS
Children’s Community Health Plan (CCHP) complies with all applicable civil rights laws and does not discriminate on the basis of race, color, national origin, sex, age, disability, or other legally protected status, in its administration of the plan, including enrollment and benefit determinations.

Children’s Community Health Plan provides appropriate auxiliary aids and services, including qualified interpreters for individuals with disabilities and individuals who have language service needs, and information in alternate formats, free of charge and in a timely manner, when such aids and services are necessary to ensure an equal opportunity to participate for individuals with disabilities.

Any person who believes someone has been subjected to discrimination on the basis of race, color, national origin, sex, age, or disability may file a grievance in person, by mail, fax, or email. The grievance must be filed within 60 days of the person filing the grievance becomes aware of the alleged discriminatory action. It is against the law for Children’s Community Health Plan to retaliate against anyone who files a grievance, or participates in the investigation of a grievance. Members can request Children’s Community Health Plan’s grievance procedure by contacting the Section 1557 Coordinator:

RIGHTS AND RESPONSIBILITIES

YOU HAVE THE RIGHT TO:

- Ask for an interpreter and have one provided to You during any Covered Service.
- Receive the information provided in another language or another format.
- Receive health care services as provided for by Federal and State law. All Covered Services must be available and accessible to You. When medically appropriate, services must be available 24 hours a day, seven days a week.
- Receive information about treatment options including the right to request a second opinion regardless of the cost or benefit coverage.
- Participate with Practitioners in making decisions about Your health care regardless of the cost or benefit coverage.
- Be treated with dignity and respect. You have a right to privacy regarding Your health.
- Be free from any form of restraint or seclusion used as a means of force, control, ease, or reprisal.
- Receive information about Us, Our services, Practitioners and Providers and member rights and responsibilities.
- Voice complaints or appeals with Us or the care We provide.
- Make recommendations regarding Our member rights and responsibilities policy.
- A candid discussion of appropriate or Medically Necessary treatment options for Your condition, regardless of cost or benefit coverage.

YOU HAVE THE RESPONSIBILITY TO:

- Read this Contract
  Read and understand to the best of Your ability all materials concerning Your health Benefits and ask for help if You need it by calling Customer Service at [1-844-201-4672].

- Be enrolled and pay required contributions and premiums
  Benefits are available to You only if You are enrolled for coverage under this Contract. Your enrollment options, and the corresponding dates that coverage begins are listed in the ‘When Coverage Begins and Ends’ section of this Contract.

- Be Aware this Contract does not pay for all health services
  Your right to Benefits is limited to Medically Necessary Covered Services. The extent of this Contract’s payments for those Covered Services and any obligation that You may have to pay for a portion of the cost of these Covered Services is set forth in the Schedule of Benefits. Just because Your Practitioner recommends a service, does not guarantee that it is a Covered Service. Please consult the Schedule of Benefits or call Customer Service to confirm that any services that are to be rendered are Covered Services.

- Choose Your Practitioner
  It is Your responsibility to select the health care professionals who will deliver care to You. We arrange for Practitioners and other health care professionals and facilities to participate in a Network. Our credentialing process confirms public information about the professionals’ and facilities’ licenses and other credentials, but does not assure the quality of their services. These professionals and facilities are independent Practitioners and entities that are solely responsible for the care they deliver.
RIGHTS AND RESPONSIBILITIES

• **Participate in Your own Health Care**
  Decisions are between You and Your Practitioner. Talk to Your doctor about what he or she needs to know to treat You and help to the extent possible by supplying information that Your Practitioner needs to provide care. Follow the treatment plan agreed upon by You and Your doctor. You have the responsibility to understand Your health problems and participate in developing mutually agreed upon treatment goals, to the extent possible.

  Your doctor and medical team may use clinical guidelines to make decisions and recommendations about Your care. The guidelines are based on the best medical and scientific research. The guidelines are written for health care professionals, but we also make them available to Our members. You may find them helpful when You talk with Your doctor. A guideline may not be appropriate for all situations and does not replace a doctor’s clinical judgment in treating individual patients. If You would like to see our clinical guidelines you can find them on our website at [TogetherCCHP.org].

• **Pay Your Share**
  You must pay an annual Deductible, Copayment, and/or Coinsurance for most Covered Services. These payments are due at the time of service or when billed by the Practitioner. Deductible, Copayment, and Coinsurance amounts are listed in the Schedule of Benefits. You may also be required to pay the difference between the actual charge and the Maximum Allowed Amount plus any Deductible and/or Coinsurance/Copayments.

• **Pay the Cost of Excluded Services**
  You must pay the cost of all excluded services and items. Review the ‘Exclusions and Limitations’ section to become familiar with Our exclusions.

• **Show Your Identification Card**
  You should show Your identification card (ID) every time You request health services. If You do not show Your ID card, the Practitioner may fail to bill the correct amount for the services delivered, and any resulting delay may mean that You will be unable to receive Benefits.

**PREMIUMS, GRACE PERIOD, REINSTATEMENT, AND RENEWAL**

We determine the premium rates for this Contract and all subsequent premiums for all Covered Persons under this Contract. We may change the premium rates under this Contract when Dependents are added or deleted or annually effective [January 1st] of each year. If You are a tobacco user age 40 or older, Your premium rates will reflect this status.

We will provide written notice of a premium rate change to the Contract Holder before the first day of the annual open enrollment period. However, when the premium rate is increased 25% or more for a payment period, We will provide written notice of the new premium rate to the Contract Holder at least 60 days before any change takes effect. The premium rate change takes effect on the first day of the payment period as described in the required notice.

The due date of Your premium will be the first of the month and is indicated on Your billing statement, which will arrive monthly. In order to keep Your coverage in effect, You must pay Your premium by the end of the applicable grace period after Your premium due date.

Except for Your first premium, any premium not paid to Us by the due date is in default. However, there is a grace period beginning with the first day of the month Your premium payment is due.
RIGHTS AND RESPONSIBILITIES

Members not receiving an Advanced Premium Tax Credit
If You are not receiving an advanced premium tax credit from the Federal Government, Your grace period is 31 days from the due date. If We do not receive Your full premium payment by the end of the 31 day grace period, this Contract will terminate, with the last day of Your enrollment being the most current paid-to-date.

Members receiving an Advanced Premium Tax Credit
If You are receiving an advanced premium tax credit from the Federal Government, Your grace period is 3 months. If We do not receive Your full premium payment by the end of the 3 month grace period, this Contract will terminate, with the last day of Your enrollment being the last day of the first month of the 3 month grace period. We reserve the right to pend payment of all applicable claims that occur after the first month of the grace period. If claims were paid during the second or third months of the grace period, and coverage is terminated, We will recoup those payments from the Provider and the Provider will bill You for any outstanding balances on Your account. It will be Your financial responsibility to pay for these services. Your Contract will remain in force during the grace period. Any claims for Covered Services incurred during the grace period will be deducted from and applied to the premium due for the grace period. If full premium payment is not received by the end of the grace period, Your coverage under this Contract will terminate effective as of the applicable day in the aforementioned guidelines.

If You request reinstatement of Your Contract within one year after it has been terminated for non-payment of premium, We reserve the right to accept or deny Your request for reinstatement, and We will notify You of Our decision within 45 days after We receive Your request. Our deposit of the submitted premium payment does not mean that the request for reinstatement has been accepted. If We decide to reinstate Your Contract, We reserve the right to make such reinstatement subject to any legally permissible provisions as endorsed on or attached to Your Contract, which We will fully and prominently disclose to You.

If We accept Your request, then We will reinstate Your Contract as of the date We accept Your premium. Claims for services performed between the date of termination and the Effective Date of reinstatement will not be covered. No premium is payable for that period except to the extent that the premium is applied to a reserve for future losses. If We deny Your request for reinstatement, We will reimburse the premium payment You sent with Your request for reinstatement.

Please note regarding the paying of premiums on non-effectuated or terminated policies: Payments of premium made beyond the due date, will be returned to you less any claims paid for any period during which your policy was not active. Our acceptance of the premium beyond the due date does not constitute an activation or continuation of a non-effectuated or terminated policy.

Please note that if Your insurance was purchased though the Federal Health Insurance Marketplace, all reinstatement requests must be filed with the Federal Health Insurance Marketplace who can be contacted at [1-800-318-2596].

We can require members to pay outstanding premiums from the previous 12 months before their coverage begins for the next enrollment cycle.
RIGHTS AND RESPONSIBILITIES

If Your insurance coverage with Together with CCHP is terminated due to non-payment in 2018 and You wish to reapply for new coverage either in the next open enrollment period or through a special enrollment period, You will be required to pay back one month’s past due premium to effectuate Your new coverage with Us.

Additionally, if You are in Your grace period, and are reapplying for coverage through the open enrollment period or through a special enrollment period, You will be required to pay back all past due premiums (up to 3 months) in order to effectuate Your new coverage.

If You are paid current on Your premiums and do not have an outstanding balance, You are only required to pay the first month’s premium amount to effectuate Your new coverage with Us through the open enrollment period or a special enrollment period. The amount owed will be displayed on Your invoice.

For example, if You are on a family plan and one member satisfies their individual Deductible, that member will only be subject to pay applicable Copayments/Coinsurance for In-Network, Covered Services for the remainder of the calendar year, or until their Maximum Out-of-Pocket Limit is satisfied. However, the other members on the plan will continue to contribute towards the family Deductible, until it is fully satisfied. - Medications used for non-FDA approved indications and/or dosage regimens.

For any device, drug, or biological product, final approval must have been received to market it by the Food and Drug Administration (FDA) for the particular Sickness or Injury. Any approval granted as an interim step in the FDA regulatory process, such as an investigational device exemption or an investigational new drug exemption is not sufficient.

Only We can make the determination as to whether charges are for Experimental or Investigational Treatment based on the following criteria:

- Once final FDA approval has been granted, the usage of a device for the particular Sickness or Injury for which the device was approved will be recognized as appropriate if:
  - It is supported by conclusive evidence that exists in clinical studies that are published in generally accepted peer-reviewed medical literature or review articles; and
  - The FDA has not determined the medical device to be contraindicated for the particular Sickness or Injury for which the device has been prescribed.

- Once final FDA approval has been granted, the usage of a drug or biological product will be recognized as appropriate for a particular Sickness or Injury if the FDA has not determined the drug or biological product to be contraindicated for the particular Sickness or Injury for which the drug or biological product has been prescribed and the prescribed usage is recognized as appropriate medical treatment by:

Such evidence must include well-designed investigations that have been reproduced by non-affiliated authoritative sources, with measurable results, backed up by the positive endorsements of national medical bodies or panels regarding scientific efficacy and rationale; and
  • Over time, the treatment, services, or supplies lead to improvement in health outcomes which show that the beneficial effects outweigh any harmful effects; and
  • The treatment, services, or supplies are at least as effective in improving health outcomes as established technology, or are useable in appropriate clinical contexts in which established technology is not employable.

Please note that even if You stay overnight in a regular hospital bed, You may be considered outpatient. For clarification, You may ask the doctor or Hospital.

IN-NETWORK BENEFITS
Covered treatment, services, or supplies provided by an In-Network Provider.

MAXIMUM ALLOWED AMOUNT
The maximum amount of the billed charge from an In-Network Provider or Out-of-Network Provider as determined by Us based upon what it deems payable for Covered Services for a Covered Person.

For In-Network Providers, the Maximum Allowed Amount is the reimbursement rate (fee schedule, discounted amount, diagnosis related group, other payment methodology) that the Practitioner and Us have agreed upon.

For Inpatient Covered Services provided by Out-of Network Providers, the Maximum Allowed Amount is based on fees We negotiate with the Out-of-Network Providers; however, in the event that fee(s) are not negotiated, the Maximum Allowed Amount is based on the lesser of:
• Amounts billed by a health care Practitioner;
• Fee(s) that are negotiated with the Out-of-Network Provider.

For Out-of-Network Providers, the Maximum Allowed Amount is based on the lesser of:
• Amounts billed by a health care Practitioner; or
• For outpatient services; the contracted amount paid to In-Network Providers for the Covered Service, excluding the amount of any Copayment or Coinsurance that applies to the Covered Service when it is received from an In-Network Provider. If there is more than one contracted amount with In-Network Providers for the Covered Service, the amount is the median of these amounts; or
• For all other medical and professional services; a percentage, as determined by Us, of the published rates allowed for the zip code in which services were rendered by the Centers for Medicare and Medicaid Services (CMS) for Medicare for the same or similar health care service, or
• When a rate is not published by CMS for the health care service, We use an available gap methodology to determine a rate for the health care service as follows:
  • For health care services other than Practitioner administered pharmaceuticals, We use a gap methodology that uses a relative value scale, which is usually based on the difficulty, time, work, risk, and resources of the health care service.
  • For Practitioner administered pharmaceuticals, We use a gap methodology that is similar to the pricing methodology used by CMS, and produces fees based on published acquisition costs or average wholesale prices for pharmaceuticals. This methodology is created by Us based on an internally developed pharmaceutical pricing resource.
  • When there is no available or applicable CMS rate and a gap methodology does not apply to the health care service, the Maximum Allowed Amount is based on a percentage, as determined by Us, of the health care Practitioner’s charge.
TERMS AND DEFINITIONS

We annually update Maximum Allowed Amount when updated data from CMS becomes available. Amounts used are the rates established by CMS on January 1 of the current year. Updates to the Maximum Allowed Amount are typically implemented within 30 to 90 days after CMS updates its data.

You are responsible for the amount of any Copayment, Coinsurance, or Deductible that applies to the Covered Service regardless of whether it is received from an In-Network Provider or Out-of-Network Provider.

MAXIMUM OUT-OF-POCKET LIMIT
The sum of the Deductible amount, prescription drug Deductible amount (if applicable), Copayment amount and Coinsurance percentage of covered expenses, as shown in the Schedule of Benefits. After the Maximum Out-Of-Pocket Limit is met for an individual, We pay 100% of eligible service expenses for the calendar year. The family Maximum Out-Of-Pocket Limit is two times the individual Maximum Out-Of-Pocket Limit. For family coverage, the family Maximum Out-Of-Pocket Limit can be met with the combination of any two or more Covered Persons’ eligible service expenses.

For example, if You are on a family plan and one member satisfies their individual Maximum Out-of-Pocket Limit, any additional In-Network, Covered Services for the remainder of the calendar year will be fully covered for that member. However, the other members on the plan will continue to contribute towards the family Maximum Out-of-Pocket Limit, until it is fully satisfied. Once it is satisfied, any additional In-Network, Covered Services for the remainder of the calendar year will be fully covered for all members on the plan.

The following do not count toward satisfying any Maximum Out-of-Pocket Limit:
• Amounts in excess of the Maximum Allowable Amount (balance billed charges).
• The difference in cost between a brand name drug and what we will pay for a generic drug when a generic drug substitute exists but the brand name drug is dispensed.
• All Out-of-Network Provider charges, except for:
  • Emergency and Urgent Care Copayments

• Is not solely for the convenience of the Practitioner or the Covered Person;

• Is provided in the most cost effective care facility or setting;
• Does not exceed the scope, duration, or intensity of that level of care that is needed to provide safe, adequate, and appropriate diagnosis or treatment; and

CCHP19.EOC 29 When Coverage Begins and Ends
WHEN COVERAGE BEGINS AND ENDS

ACCESSING CARE
Together with CCHP is an Exclusive Provider Organization plan, which means You must obtain services from In-Network Providers. In-Network Providers are the key to providing and coordinating Your health care services. Services You obtain from any Practitioner other than an In-Network Provider are considered Out-of-Network, unless otherwise indicated in this Contract, and will not be covered. Your Provider Directory includes a list of the In-Network Providers available in the Service Area. The Provider Directory can be found on CCHP’s website at [TogetherCCHP.org] or a printed version can be mailed to You upon request from Customer Service.

It is important to call Your Primary Care Provider first when You need care. If You think You need to see another Practitioner or specialist, You can ask Your Primary Care Provider who will help You decide, but it is not required. A referral is not required to see a specialist or to get a second opinion. If You do not have a Primary Care Provider, You can choose one from those available in the Provider Directory.

Please note that our Provider Directory is subject to changes over time. However it is ultimately Your responsibility to make sure that the Practitioner You utilize is In-Network. Therefore, prior to receiving services please consult the Provider Directory on our website or contact Customer Service to verify Your Practitioner is In-Network.

OBTAINING COVERAGE AND FILING CLAIMS

IN-NETWORK PROVIDERS
For services rendered by In-Network Providers:
• You will not be required to file any claims for services You obtain directly from In-Network Providers. In-Network Providers will seek payment for Covered Services from Us and not from You except for applicable Coinsurance, Copayments, and/or Deductibles. You may be billed by Your Practitioner(s) for any non-Covered Services You receive or when You have not acted in accordance with this Contract.
• We do not decide what care You need or will receive. You and Your Practitioner make those decisions.

OUT-OF-NETWORK PROVIDERS OR OUTSIDE THE SERVICE AREA
There is NO coverage available outside of the Service Area, unless it is an Emergency or if Prior Authorization has been obtained. We do not have contracts with Out-of-Network Providers and therefore have no control over costs, billing and/or coding practices, the quality of treatments, services, and supplies provided by an Out-of-Network Provider.

If You are outside of the Service Area, or if You are in the Service Area, but seek coverage by an Out-of-Network Provider, and it is not an Emergency, and Prior Authorization has not been obtained, You are responsible for all related fees and expenses. This may result in additional out-of-pocket expenses or being Balance Billed by the provider. See Maximum Allowed Amount and Balance Billing in the Terms and Definitions section of this contract for more details.

When You receive Covered Services from an Out-of-Network Provider, the claim must be filed in a format that contains all of the information We require, as described below. The Practitioner will likely file the claim for payment from Us, but ultimately You are responsible for submitting any claims for processing.
HOW TO OBTAIN COVERED SERVICES

FILING A CLAIM FOR OUT OF NETWORK SERVICES
You should submit a claim for payment of Covered Services within 90 days after the date of service. If You don’t provide this information to Us within 15 months of the date of service, Benefits for that health service will be denied or reduced, at Our discretion. The time limit does not apply if You are legally incapacitated. If Your claim relates to an Inpatient stay, the date of service is the date Your Inpatient stay ends.

A request for the payment of Benefits should include the following information:

• The Contract Holder’s name and address
• The patient’s name and age
• Your member ID number found on Your card
• The name and address of the Practitioner of the Covered Services
• The name and address of any ordering physician
• A diagnosis from the physician
• An itemized bill from Your Practitioner that includes the Current Procedural Terminology (CPT) codes or a description of each charge
• The date the Injury or Sickness began

You should send the claim to the claims address on Your ID card.

International claims may be considered for reimbursement by Us if they are emergent or urgent and meet the qualifications of a Covered Service as laid out in this Contract. When submitting a claim for services rendered outside the United States, You will be responsible for translation of the claims into English.

RELATIONSHIP BETWEEN CCHP AND NETWORK PROVIDERS
The relationship between Us and Our In-Network Providers is an independent contractor relationship. In-Network Providers are not agents or employees of Ours, nor is CCHP, or any employee of Ours, an employee or agent of an In-Network Provider.

Your health care Practitioner is solely responsible for all decisions regarding Your care and treatment, regardless of whether such care and treatment is a Covered Service. We shall not be responsible for any claim or demand on account of damages arising out of, or in any manner connected with, any Injuries suffered by a Covered Person while receiving care from any In-Network Provider or in any In-Network Provider’s facilities.

Your In-Network Provider’s agreement for providing Covered Services may include financial incentives or risk sharing relationships related to the provision of services or referrals to other Practitioners, including In-Network Providers, Out-of-Network Providers, and disease management programs. If You have questions regarding such incentives or risk sharing relationships, please contact Your Practitioner or Us.

NOT LIABLE FOR PROVIDER ACTS OR OMISSIONS
We are not responsible for the actual care You receive from any person. This Contract does not give anyone any claim, right, or cause of action against Us based on the actions of a Practitioner of health care, services, or supplies.
HOW TO OBTAIN COVERED SERVICES

CONTINUITY OF CARE
If Your Primary Care Provider’s participation in the network terminates without cause, You have the right to continue to access that Practitioner at the In-Network Benefit level for an additional 90 days. If You are undergoing a course of treatment with a Practitioner who is not a Primary Care Provider, and that Practitioner’s participation in the network terminates, You have the right to continue to access that Practitioner at the In-Network Benefits level for up to 90 days or the end of Your course of treatment, whichever is shorter.

If You are in Your 2nd or 3rd trimester of pregnancy and Your Practitioner’s participation in the network terminates, You have the right to continue to access that Practitioner for Your maternity care at the In-Network Benefits level until the completion of postpartum care.

If You wish to exercise Your Continuity of Care rights and continue seeing Your Practitioner for the time period specified above, please contact Our Customer Service staff, so that We can ensure Your claims are paid appropriately. Our Customer Service staff can also help You in selecting another In-Network Provider for Your care.

Please note that the provisions outlined in this section are not applicable for Practitioners who are no longer practicing in the Service Area or who were terminated from this plan for failure to meet credentialing standards.

Please note that Benefits are available only if both of the following are true:

- If the initial confinement in a Skilled Nursing Facility or Inpatient Acute Medical Rehabilitation Facility was or will be a cost effective alternative to an Inpatient stay in a Hospital.
- You will receive skilled care services that are not primarily Custodial Care.

Skilled care is skilled nursing, skilled teaching, and skilled Rehabilitative Services when all of the following are true:

- It must be delivered or supervised by licensed technical or professional medical personnel in order to obtain the specified medical outcome, and provide for the safety of the patient.
- It is ordered by a Practitioner.
- It is not delivered exclusively for the purpose of assisting with activities of daily living, including dressing, feeding, bathing, or transferring from a bed to a chair.
- It requires clinical training in order to be delivered safely and effectively.

We will determine if Benefits are available by reviewing both the skilled nature of the service and the need for Practitioner-directed medical management. A service will not be determined to be skilled simply because there is not an available caregiver.

Benefits can be denied or discontinued for Covered Persons who are not progressing in goal-directed Rehabilitative Services or if discharge rehabilitation goals have previously been met.

Skilled nursing services must be provided with the expectation that You have the potential to be restored in a reasonable and generally predictable period of time and will continue to make substantial improvement in Your level of functioning. Once You reach a maintenance level and/or no further progress is being attained, the care and services provided will no longer be considered “skilled nursing”. The services will instead be considered custodial care.

PRIOR AUTHORIZATION

Children’s Community Health Plan (CCHP) wants Our members to get the best possible care when they need it most. To ensure this, We use a Prior Authorization process, which is part of Our Utilization Management (UM) program. UM decision-making is based only on appropriateness of care and service, available for those members who have active coverage. CCHP does not reward practitioners or other individuals for issuing denials of coverage. Financial incentives for UM decision makers do not encourage decisions that result in underutilization or denials of coverage.

CCHP contracted Practitioners are responsible for obtaining Prior Authorization before they provide services to You. However, if a Practitioner is not contracted with CCHP and provides services or if Your Practitioner does not contact Us, it is ultimately Your responsibility to ensure Prior Authorization was obtained. The Covered Services for which We require Prior Authorization are listed below, and in the Schedule of Benefits table.

Before receiving Covered Services from what appears to be a CCHP Practitioner, You should contact CCHP to verify that the Hospital or Practitioner is an In-Network Provider. There is no coverage available if you do not go to an In-Network Provider, unless Prior Authorization is received or unless it is an Emergency.

In some situations You may need medical attention before the Prior Authorization process can take place. Please note that in urgent or Emergency hospital Inpatient admissions, though Prior Authorization is not required, CCHP must be notified within 24 hours of the Inpatient admission.

Prior Authorization does not guarantee either payment of benefits or the amount of benefits. Eligibility for, and payment of benefits are subject to all terms and conditions of this Contract. If You choose to receive a service that has been determined not to be Medically Necessary, is not a Covered Service, or has not been Prior Authorized though Prior Authorization is required, You will be responsible for paying all charges and no Benefits will be paid.

If Your Practitioner believes that additional care beyond the services specified, or the length of time originally authorized, is Medically Necessary, CCHP must be contacted to request an extension of the original Prior Authorization. You and Your Practitioner will be notified whether the request for an extension is approved or denied.

PROCESS FOR OBTAINING PRIOR AUTHORIZATION

You should ask Your health care Practitioner to start the Prior Authorization process as soon as possible before the beginning of treatment. We require that Prior Authorization for non-urgent requests is received by Us no later than 14 days before your scheduled service or care. Your Practitioner can submit a Prior Authorization request online through the CCHP Provider Portal at [TogetherCCHP.org]. You or Your Practitioner can contact Customer Service with questions on the Prior Authorization process.

URGENT PRE-SERVICE REQUESTS

If You or a health care professional with knowledge of Your medical condition have an urgent request for Prior Authorization, Your Practitioner may submit the request to Us via the CCHP Provider Portal. We will make a decision on Your request and notify You within 72 hours of Our receipt of a correctly submitted request, or as soon as possible if Your condition requires a shorter time frame.
PRIOR AUTHORIZATION

An urgent request is any request for Prior Authorization for medical care or treatment with respect to which the application of the time periods for making non-urgent care determinations could seriously jeopardize the life or health of the Covered Person or the ability of the Covered Person to regain maximum function or in the opinion of a physician with actual knowledge of the Covered Person’s medical condition, would subject the Covered Person to severe pain that cannot be adequately managed without the care or treatment that is being requested.

If Your request is incomplete or incorrectly filed, We will notify You of the specific information We need as soon as possible, but no later than 24 hours after We receive Your urgent request. You will then have 48 hours from the receipt of the notice to provide Us with the requested information. Within 48 hours of Our receipt of the additional information, We will give Our decision on the urgent request. If You fail to provide the information requested by Us, We will provide You with Our decision based on the current information that We have within 48 hours of the end of the period that You were given to provide the information.

If You fail to follow Our procedure for Prior Authorization requests, We will notify You within 24 hours of Our receipt of the request. The notice will include the reason why the request failed and the proper process for obtaining prior approval or precertification.

NON-URGENT PRIOR AUTHORIZATION REQUESTS

We will make a decision on Your non-urgent requests within 14 days of Our receipt of a correctly submitted request. If the request is an incomplete prior authorization or incorrectly filed Prior Authorization, We will notify You of a 14 day extension and the specific information needed. You will then have 45 days from the receipt of the notice to provide the requested information. Once We have received the additional information, We will make Our decision within the period of time equal to the 14 day extension in addition to the number of days remaining from the initial 14 day period. For example, if Our notification was sent to You on the fifth day of the first 14 day period, We would have a total of 23 days to make a decision on Your Prior Authorization following the receipt of the additional information. Under no circumstances will the period for making a final determination on Your Prior Authorization exceed 73 days from the date We received the non-urgent pre-service claim. If You fail to follow Our procedure for Prior Authorization requests, We will notify You within five days of Our receipt of the request. The notice will include the reason why the request failed and the proper process for obtaining Prior Authorization.

REQUESTS FOR EXTENSIONS

If Your Practitioner believes that additional care beyond the services specified, or the length of time originally authorized, is Medically Necessary, CCHP must be contacted to request an extension of the original Prior Authorization. You and Your Practitioner will be notified whether the request for an extension is approved or denied.

PRESCRIPTION DRUG BENEFITS

When You go to a pharmacy that participates in the Together with CCHP network, You will be able to receive coverage for Your prescription medications for the amounts outlined in the Schedule of Benefits.

We will make a decision on Your expedited exception request within 24 hours of Our receipt of an expedited request. If We grant an exception based on an exigent circumstance request, We will provide coverage of the non-formulary drug for the duration of the exigent circumstance.

If We deny a standard or expedited request for exemption, then You, Your designee, or Your Practitioner may request an external review under Our External Review Program described in the ‘Complaints and Appeals’ section of this document. For these medications, Your benefit plan covers only the larger dose per day.

COORDINATION OF BENEFITS

BENEFITS WHEN YOU HAVE COVERAGE UNDER MORE THAN ONE PLAN
This section describes how Benefits under this Contract will be coordinated with Benefits under any other policy or plan that provides Benefits or services for medical, pharmacy, dental, or pediatric vision, or treatment to a Covered Person. Any such policy or plan is called the Primary Plan.

WHEN COORDINATION OF BENEFITS APPLIES
This Coordination of Benefits (COB) provision applies when a person has health care coverage under more than one policy or plan.

A Primary Plan must pay Benefits in accordance with its policy terms without regard to the possibility that this Contract may cover some expenses. This Contract pays after the Primary Plan, and may reduce the Benefits it pays so that payments from all coverage do not exceed 100% of the total Allowable Expense.

Allowable Expense is a health care expense, including Deductibles, Coinsurance, and Copayments, that is covered at least in part by a Primary Plan and this Contract. When a plan provides Benefits in the form of services, the reasonable cash value of each service will be considered an Allowable Expense and a benefit paid. An expense that is not covered by any plan covering the person is not an Allowable Expense. In addition, any expense that a provider by law or in accordance with a contractual agreement is prohibited from charging a Covered Person is not an Allowable Expense. The following are examples of expenses or services that are not Allowable Expenses:

- The difference between the cost of a semi-private hospital room and a private room is not an Allowable Expense unless one of the plans provides coverage for private hospital room expenses.
- If a person is covered by two or more plans that compute their benefit payments on the basis of usual and customary fees or relative value schedule reimbursement methodology or other similar reimbursement methodology, any amount in excess of the highest reimbursement amount for a specific benefit is not an Allowable Expense.
- If a person is covered by two or more plans that provide Benefits or services on the basis of negotiated fees, an amount in excess of the highest of the negotiated fees is not an Allowable Expense.
- If the Primary Plan calculates its Benefits or services on the basis of usual and customary fees or relative value schedule reimbursement methodology or other similar reimbursement methodology, the Primary Plan’s payment arrangement shall be the Allowable Expense for both plans.
- The amount of any benefit reduction by the Primary Plan because a Covered Person has failed to comply with the Plan provisions is not an Allowable Expense. Examples of these types of plan provisions include second surgical opinions, precertification of admissions and preferred provider arrangements.

EFFECTS ON THE BENEFITS OF THIS PLAN
- We may reduce Benefits under this Contract so that the total Benefits paid or provided by all plans are not more than the total Allowable Expenses. In determining the amount to be paid for any claim, We will calculate the Benefits We would have paid in the absence of other health care coverage and apply that calculated amount to any Allowable Expense under this
COORDINATION OF BENEFITS

Contract that is unpaid by the Primary Plan. We may then reduce payment under this Contract by the amount so that, when combined with the amount paid by the Primary Plan, the total Benefits paid or provided by all plans for the claim do not exceed the total Allowable Expense for that claim. In addition, We will credit to any Deductible under this Contract any amounts We would have credited to the Deductible in the absence of other health care coverage.

- We reduce Benefits under this Contract as described below for Covered Persons who are eligible for Medicare when Medicare would be the Primary Plan. Medicare Benefits are determined as if the full amount that would have been payable under Medicare was actually paid under Medicare, even if:
  - The person is entitled to but not enrolled in Medicare. Medicare Benefits are determined as if the person were covered under Medicare Parts A and B.
  - The person is enrolled in a Medicare Advantage (Medicare Part C) plan and receives non-covered services because the person did not follow all rules of that plan. Medicare Benefits are determined as if the services were covered under Medicare Parts A and B.
  - The person receives services from a provider who has elected to opt-out of Medicare. Medicare Benefits are determined as if the services were covered under Medicare Parts A and B and the provider had agreed to limit charges to the amount of charges allowed under Medicare rules.
  - The services are provided in any facility that is not eligible for Medicare reimbursements, including a Veterans Administration facility, facility of the Uniformed Services, or other facility of the Federal government. Medicare Benefits are determined as if the services were provided by a facility that is eligible for reimbursement under Medicare.
  - The person is enrolled under a plan with a Medicare Medical Savings Account. Medicare Benefits are determined as if the person were covered under Medicare Parts A and B.

RIGHT TO RECEIVE AND RELEASE NEEDED INFORMATION
Certain facts about health care coverage and services are needed to apply these COB rules and to determine Benefits payable under this Contract and Benefits payable under other plans. We may get the facts We need from, or give them to, other organizations or persons for the purpose of applying these rules and determining Benefits payable under this plan and Benefits payable under other plans covering the person claiming Benefits.

We need not tell, or get the consent of, any person to do this. Each person claiming Benefits under this Contract must give Us any facts We need to apply those rules and determine Benefits payable. If You do not provide Us the information We need to apply these rules and determine the Benefits payable, Your claim for Benefits will be denied.

PAYMENTS MADE
A payment made under another plan may include an amount that should have been paid under this Contract. If it does, We may pay that amount to the organization that made the payment. That amount will then be treated as though it were a Benefit paid under this Contract. We will not have to pay that amount again. The term “payment made” includes providing Benefits in the form of services, in which case “payment made” means reasonable cash value of the Benefits provided in the form of services.
COORDINATION OF BENEFITS

RIGHT OF RECOVERY
If the amount of the payments We made is more than We should have paid under this COB provision, We may recover the excess from one or more of the persons We have paid or for whom We have paid; or any other person or organization that may be responsible for the Benefits or services provided for the Covered Person. The "amount of the payments made" includes the reasonable cash value of any Benefits provided in the form of services.

WHEN MEDICARE IS SECONDARY
If a Covered Person has other health insurance which is determined to be primary to Medicare, then Benefits payable under this Contract will be based on Medicare’s reduced Benefits. In no event will the combined Benefits paid under these coverage’s exceed the total Medicare Eligible Expense for the service or item. See the Legal Provisions section of this Contract for more information.
LEGAL PROVISIONS

YOUR RELATIONSHIP WITH US
In order to make choices about Your health care coverage and treatment, We believe that it is important for You to understand how We interact with Your benefit plan and how it may affect You. We help finance or administer the benefit plan in which You are enrolled. We do not provide medical services or make treatment decisions. This means:

- We do not decide what care You need or will receive. You and Your Practitioner make those decisions.
- We communicate to You decisions about whether Your benefit plan will cover or pay for the health care that You may receive. The plan pays for covered health services, which are more fully described in this evidence of coverage.
- The plan may not pay for all treatments You or Your Practitioner may believe are necessary. If the plan does not pay, You will be responsible for the cost.

We may use individually identifiable information about You to identify for You (and You alone) procedures, products, or services that You may find valuable. We will use individually identifiable information about You as permitted or required by law, including in Our operations and in Our research. We will use de-identified data for commercial purposes including research. Please refer to Our Notice of Privacy Practices for details.

OUR RELATIONSHIP WITH PRACTITIONERS
We do not provide health care services or supplies, nor do We practice medicine. Instead, We arrange for health care Practitioners to participate in a network and We pay Benefits. Network providers are independent Practitioners who run their own offices and facilities. Our credentialing process confirms public information about the Practitioners’ licenses and other credentials, but does not assure the quality of the services provided. They are not Our employees nor do We have any other relationship with network Practitioners such as principal-agent or joint venture. We are not liable for any act or omission of any Practitioner.

YOUR RELATIONSHIP WITH PRACTITIONERS
The relationship between You and any Practitioner is that of provider and patient.

- You are responsible for choosing Your own Practitioner.
- You are responsible for paying, directly to Your Practitioner, any amount identified as a Covered Person responsibility, including Copayments, Coinsurance, any Deductible and any amount that exceeds the Maximum Allowed Amount.
- You are responsible for paying, directly to Your Practitioner, the cost of any non-covered health service.
- You must decide if any Practitioner treating You is right for You. This includes network Practitioners You choose and Practitioners to whom You have been referred.
- You must decide with Your Practitioner what care You should receive.
- Your Practitioner is solely responsible for the quality of the services provided to You.

NOTICE
We provide written notice regarding administration of the Contract to You as the authorized representative of the Contract and that notice is deemed notice to all affected Contract Holders and their Covered Dependents.
LEGAL PROVISIONS

STATEMENTS BY COVERED PERSONS
All statements made by a Covered Person shall, in the absence of fraud, be deemed representations and not warranties.

INCENTIVES TO PROVIDERS
We pay Network Practitioners through various types of contractual arrangements, some of which may include financial incentives to promote the delivery of health care in a cost efficient and effective manner. These financial incentives are not intended to affect Your access to health care.

We use various payment methods to pay specific Network Practitioners. From time to time, the payment method may change. If You have questions about whether Your Network Practitioner’s contract with Us includes any financial incentives, We encourage You to discuss those questions with Your Practitioner. You may also contact Us at the telephone number on Your ID card. We can advise whether Your Network Practitioner is paid by any financial incentive, including those listed above; however, the specific terms of the contract, including rates of payment, are confidential and cannot be disclosed.

Together with CCHP wants its members to get the best possible care when they need it most. To ensure this, We use a Prior Authorization process, which is part of Our Utilization Management program. Utilization Management decision-making is based only on appropriateness of care and service, and existence of coverage. CCHP does not specifically reward practitioners or other individuals for issuing denials of coverage. Financial incentives for Utilization Management decision makers do not encourage decisions that result in underutilization.

INCENTIVES TO YOU
Sometimes We may offer coupons or other incentives to encourage You to participate in various wellness programs or certain disease management programs. The decision about whether or not to participate is Yours alone but We recommend that You discuss participating in such programs with Your Practitioner. These incentives are not Benefits and do not alter or affect Your Benefits. Contact Us if You have any questions.

DISCOUNTED OR FREE NON-INSURANCE PROGRAMS
We may elect to furnish or participate in programs with other organizations that furnish Contract Holders who meet common criteria or requirements determined by Us with discount cards, vouchers, coupons, or other goods, services or programs that may be offered or provided to Covered Persons at no charge or a reduced charge for a period of time determined by Us. We may provide You with access to discounts with certain health care Practitioners and suppliers negotiated by Us.

INTERPRETATION OF BENEFITS
We have the sole and exclusive discretion to do all of the following:

- Interpret Benefits under the Contract.
- Interpret the other terms, conditions, limitations and exclusions set out in the Contract, including this Evidence of Coverage, the Schedule of Benefits, and any Riders and/or Amendments.
- Make factual determinations related to the Contract and its Benefits.
LEGAL PROVISIONS

We may delegate this discretionary authority to other persons or entities that provide services in regard to the administration of the Contract.

In certain circumstances, for purposes of overall cost savings or efficiency, We may, in Our discretion, offer Benefits for services that would otherwise not be Covered Health Services. The fact that We do so in any particular case shall not in any way be deemed to require Us to do so in other similar cases.

ADMINISTRATIVE SERVICES

We may, in Our sole discretion, arrange for various persons or entities to provide administrative services in regard to the Contract, such as claims processing. The identity of the service Practitioners and the nature of the services they provide may be changed from time to time in Our sole discretion. We are not required to give You prior notice of any such change, nor are We required to obtain Your approval. You must cooperate with those persons or entities in the performance of their responsibilities.

AMENDMENTS TO THE CONTRACT

To the extent permitted by law, We reserve the right, in Our sole discretion and without Your approval, to change, interpret, modify, withdraw or add Benefits or terminate the Contract.

Any provision of the Contract which, on its Effective Date, is in conflict with the requirements of state or Federal statutes or regulations (of the jurisdiction in which the Contract is delivered) is hereby amended to conform to the minimum requirements of such statutes and regulations.

No other change may be made to the Contract unless it is made by an Amendment or Rider which has been signed by one of Our officers. All of the following conditions apply:

- Amendments to the Contract are effective 31 days after We send written notice to the Contract Holder.
- Amendments that result in a reduction of Benefits will be effective upon 60 days prior written notice.
- Riders are effective on the date We specify.
- No agent has the authority to change the Contract or to waive any of its provisions.
- No one has authority to make any oral changes or Amendments to the Contract.

INFORMATION AND RECORDS

We may use Your individually identifiable health information to administer the Contract and pay claims, to identify procedures, products, or services that You may find valuable, and as otherwise permitted or required by law. We may request additional information from You to decide Your claim for Benefits. We will keep this information confidential. We may also use Your de-identified data for commercial purposes, including research, as permitted by law. More detail about how We may use or disclose Your information is found in Our Notice of Privacy Practices.

By accepting Benefits under the Contract, You authorize and direct any person or institution that has provided services to You to furnish Us with all information or copies of records relating to the services provided to You. We have the right to request this information at any reasonable time. This applies to all Covered Persons, including Covered Dependents whether or not they have signed the Contract Holder’s enrollment form. We agree that such information and records will be considered confidential. We have the right to release any and all records concerning health care services which are necessary
LEGAL PROVISIONS

to implement and administer the terms of the Contract, for appropriate medical review or quality assessment, or as We are required to do by law or regulation. During and after the term of the Contract, We and Our related entities may use and transfer the information gathered under the Contract in a de-identified format for commercial purposes, including research and analytic purposes. Please refer to Our Notice of Privacy Practices.

For complete listings of Your medical records or billing statements We recommend that You contact Your health care Practitioner. Practitioners may charge You reasonable fees to cover their costs for providing records or completing requested forms. If You request medical forms or records from Us, We also may charge You reasonable fees to cover costs for completing the forms or providing the records. In some cases, as permitted by law, We will designate other persons or entities to request records or information from or related to You, and to release those records as necessary. Our designees have the same rights to this information as We have.

EXAMINATION OF COVERED PERSONS
We have the right to have a health care Practitioner of Our choice examine a Covered Person at any time regarding a claim for benefits or when authorization is requested under the Prior Authorization section. These exams will be paid by Us. We also have the right, in case of death, to have an autopsy done where it is not prohibited by law.

WORKERS’ COMPENSATION NOT AFFECTED
Benefits provided under the Contract do not substitute for and do not affect any requirements for coverage by workers’ compensation insurance.

MEDICARE ELIGIBILITY
Benefits under the Contract are not intended to supplement any coverage provided by Medicare. Nevertheless, in some circumstances Covered Persons who are eligible for or enrolled in Medicare may also be enrolled under the Contract.

If You are eligible for or enrolled in Medicare, please read the following information carefully.

If You are eligible for Medicare on a primary basis (Medicare pays before Benefits under the Contract), You should enroll in and maintain coverage under both Medicare Part A and Part B. If You don’t enroll and maintain that coverage, and if We are the secondary payer as described in the Coordination of Benefits section, We will pay Benefits under the Contract as if You were covered under both Medicare Part A and Part B. As a result, You will be responsible for the costs that Medicare would have paid and You will incur a larger out-of-pocket cost.

If You are enrolled in a Medicare Advantage (Medicare Part C) plan on a primary basis (Medicare pays before Benefits under the Contract), You should follow all rules of that plan that require You to seek services from that plan’s participating Practitioners. When We are the secondary payer, We will pay any Benefits available to You under the Contract as if You had followed all rules of the Medicare Advantage plan. You will be responsible for any additional costs or reduced Benefits that result from Your failure to follow these rules, and You will incur a larger out-of-pocket cost.
LEGAL PROVISIONS

SUBROGATION AND REIMBURSEMENT
Subrogation is the substitution of one person or entity in the place of another with reference to a lawful claim, demand or right. Immediately upon paying or providing any Benefits, We shall be entitled to subrogation in all rights of recovery (recovery of benefits paid when other insurance provides coverage), under any legal theory of any type for the reasonable value of any services and Benefits We provide to You, from any or all of the following listed below.

In addition to any subrogation rights and in consideration of the coverage provided by this Certificate, We shall also have an independent right to be reimbursed by You for the reasonable value of any services and Benefits We provide to You, from any or all of the following listed below.

- Third parties, including any person alleged to have caused You to suffer injuries or damages.
- Any person or entity who is or may be obligated to provide Benefits or payments to You, including Benefits or payments for underinsured or uninsured motorist protection, no-fault or traditional auto insurance, medical payment coverage (auto, homeowners or otherwise), workers' compensation coverage, other insurance carriers or third party administrators.
- Any person or entity who is liable for payment to You on any equitable or legal liability theory. These third parties and persons or entities are collectively referred to as "Third Parties."

These Subrogation and Reimbursement rights granted to Us shall not apply until such time as You have been "made whole". You are made whole if a claim results in payment to You, by way of settlement, compromise, or judgment of an amount less than the combined total of any available third party payments, including liability, uninsured, or underinsured motorist policy proceeds. In the event of the settlement or compromise of a disputed claim, You are made whole when a claim results in payment for less than the total available third party proceeds after reducing Your total damages to account for any contributory negligence attributable to You. We and You each have a right to a hearing by a trial judge if there is a dispute as to the amount of contributory negligence reasonably attributable to You.

You agree as follows:
- That You will cooperate with Us in protecting Our legal and equitable rights to subrogation and reimbursement, including:
  - Providing any relevant information requested by Us.
  - Signing and/or delivering such documents as We or Our agents reasonably request to secure the subrogation and reimbursement claim.
  - Responding to requests for information about any accident or injuries.
  - Making court appearances.
  - Obtaining Our consent or Our agents' consent before releasing any party from liability or payment of medical expenses.
- That We have the authority and discretion to resolve all disputes regarding the interpretation of the language stated herein.
- That no court costs or attorneys' fees may be deducted from Our recovery without Our express written consent; any so-called "Fund Doctrine" or "Common Fund Doctrine" or "Attorney's Fund Doctrine" shall not defeat this right, and We are not required to participate in or pay court costs or attorneys' fees to the attorney hired by You to pursue Your damage/personal Injury claim.
LEGAL PROVISIONS

- That after You have been fully compensated or made whole, We may collect from You the proceeds of any full or partial recovery that You or Your legal representative obtain, whether in the form of a settlement (either before or after any determination of liability) or judgment, with such proceeds available for collection to include any and all amounts earmarked as non-economic damage settlement or judgment.
- That Benefits paid by Us may also be considered to be Benefits advanced.
- That You agree that if You receive any payment from any potentially responsible party as a result of an Injury or illness, whether by settlement (either before or after any determination of liability), or judgment, You will serve as a constructive trustee over the funds, and failure to hold such funds in trust will be deemed as a breach of Your duties hereunder.
- That You or an authorized agent, such as Your attorney, must hold any funds due and owing Us, as stated herein, separately and alone, and failure to hold funds as such will be deemed as a breach of contract, and may result in the termination of health Benefits or the instigation of legal action against You.
- That We may set off from any future Benefits otherwise provided by Us the value of Benefits paid or advanced under this section to the extent not recovered by Us.
- That You will not accept any settlement that does not fully compensate or reimburse Us without Our written approval, nor will You do anything to prejudice Our rights under this provision.
- That You will assign to Us all rights of recovery against Third Parties, to the extent of the reasonable value of services and Benefits We provided, plus reasonable costs of collection.
- That Our rights will be considered as the first priority claim against Third Parties, including tortfeasors from whom You are seeking recovery, to be paid before any other of Your claims are paid.
- That We may, at Our option, take necessary and appropriate action to preserve Our rights under these subrogation provisions, including filing suit in Your name, which does not obligate Us in any way to pay You part of any recovery We might obtain.
- That We shall not be obligated in any way to pursue this right independently or on Your behalf.
- That in the case of Your wrongful death, the provisions of this section will apply to Your estate, the personal representative of Your estate and Your heirs or beneficiaries.
- That the provisions of this section apply to the parents, guardian, or other representative of a Dependent child who incurs a Sickness or Injury caused by a Third Party. If a parent or guardian may bring a claim for damages arising out of a minor's Injury, the terms of this subrogation and reimbursement clause shall apply to that claim.
LEGAL PROVISIONS

REFUND OF OVERPAYMENTS
If *We* pay *Benefits* for expenses incurred on account of a *Covered Person*, that *Covered Person*, or any other person or organization that was paid, must make a refund to *Us* if any of the following apply:

- All or some of the expenses were not paid by the *Covered Person* or did not legally have to be paid by the *Covered Person*.
- All or some of the payment *We* made exceeded the *Benefits* under the *Contract*.
- All or some of the payment was made in error.

The refund equals the amount *We* paid in excess of the amount *We* should have paid under the *Contract*. If the refund is due from another person or organization, the *Covered Person* agrees to help *Us* get the refund when requested.

If the *Covered Person*, or any other person or organization that was paid, does not promptly refund the full amount, *We* may reduce the amount of any future *Benefits* for the *Covered Person* that are payable under the *Contract*. The reductions will equal the amount of the required refund. *We* may have other rights in addition to the right to reduce future *Benefits*.

LIMITATION OF ACTION
No suit or action at law or in equity can be brought later than 3 years from the date when proof of loss is required to be furnished under this *Contract* (see Section 5 of this *Contract* entitled How To Obtain Covered Services).
OTHER PROVISIONS

ENTIRE CONTRACT
This evidence of coverage is issued to the Contract Holder. The entire contract of insurance includes the Evidence of Coverage, the schedule of Benefits, a Covered Person’s enrollment form, and any riders and endorsements.

CONTRACT CHANGES
No change in the Contract will be valid unless approved by one of Our executive officers and included with or issued as a supplement to this Contract. No information provided by the Customer Service department will change Your coverage, obligations, or responsibilities under the Contract. No agent or other employee of Our company has authority to waive or change any plan provision or waive any other applicable enrollment or application requirements.

CLERICAL ERROR
If a clerical error is made by Us, it will not affect the insurance to which a Covered Person is entitled.

Delay or failure to report termination of any insurance will not continue the insurance in force beyond the date it would have terminated according to this Contract.

The premium charges will be adjusted as required, but not for more than two years prior to the date the error was found. If the premium was overpaid, We will refund the difference. If the premium was underpaid, the difference must be paid to Us within 60 days of Our notifying You of the error.

CONFORMITY WITH STATE STATUTES
If this plan, on its Effective Date, is in conflict with any applicable federal laws or laws of the state where it is issued, it is changed to meet the minimum requirements of those laws. In the event that new or applicable state or federal laws are enacted which conflict with current provisions of this plan, the provisions that are affected will be administered in accordance with the new applicable laws, despite anything in the plan to the contrary.

ENFORCEMENT OF PLAN PROVISIONS
Failure by Us to enforce or require compliance with any provision within this plan will not waive, modify, or render any provision unenforceable at any other time, whether the circumstances are the same or not.

MISSTATEMENTS
If a Covered Person’s material information has been misstated and the premium amount would have been different had the correct information been disclosed, an adjustment in premiums may be made based on the corrected information. In addition to adjusting future premiums, We may require payment of past premiums at the adjusted rate to continue coverage. If the Covered Person’s age is misstated and coverage would not have been issued based on the Covered Person’s true age, Our sole liability will be to refund all of the premiums paid for that Covered Person’s coverage, minus the amount of any Benefits paid by Us.
OTHER PROVISIONS

RECISSION OF INSURANCE AND/OR DENIAL OF CLAIM
Within the first two years after the Effective Date of coverage, We have the right to modify Your Contract of insurance coverage and/or deny a claim for a Covered Person if the enrollment form contains an omission or misrepresentation, whether intended or not, which We determine to be material. We also reserve the right to rescind a Contract of insurance and/or deny a claim if Covered Person has performed an act or practice that constitutes fraud or intentional misrepresentation of material fact at any time during the coverage period.

FORUM
Any lawsuits or disputes arising under the terms of the Contract must be brought in the United States District Court for the Eastern District of Wisconsin.

ASSIGNMENT OF BENEFITS
This coverage is just for You and/or Your eligible Dependents. Benefits may be assigned to a Practitioner to the extent allowed by Wisconsin insurance law and by other provisions in this Contract.

The total time for resolution will be no more than 45 days from the date the Appeal was received.

WHAT TO DO IF YOUR APPEAL REQUIRES IMMEDIATE ACTION

A request for an urgent Appeal will be considered if the application of the time period for making a non-urgent determination:

- Could seriously jeopardize Your life or health or Your ability to regain maximum function, based on a prudent layperson’s judgment, or
- In the opinion of a Practitioner with knowledge of Your medical condition, would subject You to severe pain that cannot be adequately managed without the care or treatment that is the subject of the request, or
- If a physician with knowledge of the Covered Person’s medical condition determines that the appeal shall be treated as an expedited appeal.

We will determine whether Your appeal qualifies as being urgent based on the aforementioned criteria. If it does, we will assign a nurse or Practitioner to investigate and respond to Your Appeal.

The request for an urgent Appeal does not have to be in writing. Urgent Appeals will be resolved within 72 hours after receipt, or sooner as needed to accommodate the urgency of the situation. You will receive both verbal and written notification of the decision.

To file an urgent Appeal, You may contact Us by phone at [1-877-900-2247] or send Your request via fax to [414-266-4195].

You can call [800-236-8517] or email [complaints@ociwi.state.us] and request a Complaint form.
COMPLAINTS AND APPEALS

Please note that Our decision is based only on whether or not Benefits are available under the Contract. We do not determine whether the pending health service is necessary or appropriate. That decision is between You and Your Practitioner.

EXTERNAL REVIEW PROGRAM

EXPEDITED EXTERNAL REVIEW
An expedited timeline is followed in cases where the claim meets the criteria set forth by federal guidelines. The examiner will notify You or Us as expeditiously as possible if the examiner determines that You are not eligible for external review.

The external review may be terminated if We decide to reverse Our decision and provide coverage or payment after reconsideration. We must immediately provide notice to You and the examiner after making the decision to reverse. This notice may be oral but must be followed up with written notice within 48 hours.

If You are notified orally, the reviewer will follow-up with written notice within 48 hours after delivery of the oral notice. The examiner’s final external review decision and records maintenance must comply with the same requirements as for final external review decisions in standard external review.
