Terms and Provisions

Accident-only dental services:
Together with CCHP plans do not include adult or pediatric dental services. Dental coverage is available in the federal Health Insurance Marketplace and can be purchased separately. Please contact your agent or the federal Health Insurance Marketplace at healthcare.gov if you wish to purchase a separate dental insurance product.

Out-of-network services:
If you use a doctor, hospital or other provider that is not part of your network, you will not receive network benefits or discounts, and you will be responsible for all expenses associated with that out-of-network service. For instance, providers who are not part of your network do not accept office visit copays, and you will be responsible for the entire charge for that office visit. Be aware, your in-network doctor or hospital may use an out-of-network provider for some services.

Prior authorizations:
Authorization is required before receiving certain types of inpatient and outpatient treatments. Failure to get authorizations for services such as transplants and specialty pharmacy will result in a reduction or exclusion of coverage.

Out-of-pocket maximum:
The out-of-pocket maximum is the sum of the deductible amount, prescription drug deductible amount (if applicable), copayment amount and coinsurance percentage of covered expenses, as shown in your Evidence of Coverage. The following do not count toward satisfying the out-of-pocket maximum:

- Services that are not covered by your benefit plan
- Amounts in excess of the maximum allowable amount (balance-billed charges)
- The difference in cost between a brand-name drug and what we will pay for a generic drug when a generic drug substitute exists, but the brand name is dispensed
- All out-of-network provider charges except for emergency and urgent care copayments

Other important information:
You must be eligible for insurance and pay your premium to remain insured. Together with CCHP is guaranteed renewable coverage except under specific conditions. Your contract will terminate if any of the following occur: you request to terminate coverage; regarding your covered spouse and any of your stepchildren who are children of that spouse, upon divorce, separation or annulment from your covered spouse; regarding your dependent child, when that child is no longer a dependent; your premium is past due beyond any applicable grace period; you commit fraud or intentionally misrepresent a material fact under your contract with us; you no longer reside or live in the service area or in an area where we are authorized to do business; we discontinue offering policies of this type or all health insurance coverage in the individual market in the state of Wisconsin; our contract with you is no longer a Qualified Health Plan and is decertified by the Health Insurance Exchange, we terminate as a Qualified Health Plan Issuer; or your death. Please review the Evidence of Coverage available at togetherCCHP.org for more details.

Please visit our website at togetherCCHP.org for more information regarding the following: covered benefits; noncovered benefits; practitioner and provider availability; key Utilization Management procedures (including but not limited to pre-service review, urgent concurrent review, post-service review, and filing an appeal); network, service or benefit restrictions; pharmaceutical management procedures (including but not limited to restrictions, instructions for obtaining management procedures or checking coverage, and the exceptions process for non-formulary pharmaceuticals); routine notification of privacy practices; use of authorizations; access to medical records; and protection of oral, written and electronic information across the organization.
